EFFECTIVE FROM: *Upon Enactment*
ADMINISTERED : *Office of the Government*

Citizen Rights & Responsibilities Charter 2026

ARTICLE I — PREAMBLE

Section 1.1 — Purpose of this Charter

This Charter defines the rights that every citizen of The Legend of Legiona is entitled to, and the responsibilities they must uphold. It is a companion document to The LoL Citizenship Act 2026 (THELOLGOV-29-03-2026-0001) and should be read by every citizen. This Charter exists to ensure citizens know what they can expect from The LoL, and what The LoL expects from them.

Section 1.2 — Guiding Principle

The Legend of Legiona was founded on the pillars of Unity, Freedom, Innovation, and Defence & Honour. This Charter embodies those pillars. Every citizen, regardless of their background, nation of origin, or affiliation, is equal in standing within The LoL so long as they uphold this Charter.

ARTICLE II — RIGHTS OF CITIZENS

Section 2.1 — The Right to Safety Within LoL Lands

Every citizen has the right to be protected from harm, grieving, theft, and targeted aggression whilst they are present within The LoL's recognised territorial lands on the Skyxion server. The LoL and the Internal Security Control (ISC) will act to uphold this right within their means. Citizens should be aware that this protection is territorial — The LoL cannot guarantee safety outside its borders.

Section 2.2 — The Right to Access National Resources

Citizens have the right to access The LoL's shared national infrastructure, public farms, and community resources as designated by the Administration. This right may be modified by future policy and is subject to fair and responsible use.

Section 2.3 — The Right to Be Heard

Every citizen has the right to raise concerns, suggestions, or grievances with the Administration. Citizens may do so privately through their registered contact or through appropriate communication channels. The Administration will acknowledge concerns raised in good faith and address them to the best of their ability.

Section 2.4 — The Right to Free Departure

Every citizen has the right to voluntarily renounce their citizenship at any time, without penalty, by notifying the Administration. No citizen is compelled to remain a member of The LoL against their will.

Section 2.5 — The Right to Participate

Citizens have the right to participate in any democratic processes, elections, or community decisions held by The LoL, as applicable and when called by the Administration.

Section 2.6 — The Right to Equal Standing

No citizen shall be treated with less respect or given fewer rights than any other citizen solely on the basis of their prior affiliations, background, or nationality within Skyxion. All citizens are equal under this Charter.

ARTICLE III — RESPONSIBILITIES OF CITIZENS

Section 3.1 — Follow All Rules

Every citizen is responsible for knowing and following both the Kawaiisho server rules and The LoL's own laws and policies at all times. Ignorance of a rule is not a valid defence.

Section 3.2 — Conduct Yourself With Honour

Citizens represent The Legend of Legiona in everything they do on the Skyxion server. Conduct yourself as you would wish The LoL to be seen — with dignity, fairness, and integrity.

Section 3.3 — Do Not Cause Harm or Chaos

Citizens must not cause harm to others through griefing, theft, harassment, exploitation, or any form of targeted aggression. Citizens must not incite drama, create unnecessary conflict, or destabilise The LoL or any other community in Skyxion.

Section 3.4 — Respect and Tolerance

Citizens must treat all players in Skyxion with basic respect. Disagreements are normal and expected in any community — handle them maturely. Do not bully, intimidate, or demean others. Be willing to hear out other perspectives even when you disagree.

Section 3.5 — Non-Aggression

Citizens must not act with aggression or hostility toward other nations, squads, or groups without explicit authorisation from the Administration. Unauthorised acts of war, raiding, or targeted harassment carried out in The LoL's name are a serious breach of this responsibility.

Section 3.6 — Protect The LoL Image

Citizens must not take actions that damage the name, image, or reputation of The Legend of Legiona. This includes but is not limited to: spreading false information about The LoL, engaging in public disputes that embarrass the nation, and representing The LoL in ways not sanctioned by the Administration.

Section 3.7 — Renew Citizenship When Required

Citizens are responsible for monitoring and completing their seasonal citizenship renewal when required. The Administration will issue renewal notices, but the responsibility to act ultimately lies with the citizen.

ARTICLE IV — THE LOYALTY OATH

Section 4.1 — Text of the Oath

Every citizen of The Legend of Legiona affirms the following upon acceptance of citizenship:

"I affirm that I will uphold the values of The Legend of Legiona, conduct myself with honour in Skyxion, follow the laws of The LoL and the rules of Kawaiisho, and act as a worthy citizen of this nation."

Section 4.2 — Meaning of the Oath

By affirming this oath, citizens commit to everything contained in this Charter and in The LoL Citizenship Act 2026. It is not merely a formality — it is a personal commitment to the nation and its people.

ARTICLE V — BREACH OF THIS CHARTER

Section 5.1 — Consequences

A breach of the responsibilities set out in this Charter is a breach of The LoL Citizenship Act 2026. Depending on the severity and nature of the breach, consequences may include a formal warning, suspension of citizenship, or revocation of citizenship under the Citizenship Revocation & Suspension Ordinance 2026 (THELOLGOV-29-03-2026-0002). Severe breaches may also be reported to the Kawaiisho server administration.
