## ARTICLE I: PREAMBLE AND HISTORICAL FOUNDATION

**Section 1.01: Origin.** We, the Founders and People of The Legend of Legiona — formerly known as "The Sus" — hereby establish this framework to ensure the continued prosperity, sovereignty, and ordered governance of our nation.

**Section 1.02: Founding Leadership.** This nation is built upon the vision of Faiz4224 (First President), Imii Kun, and Dyno. Our history has seen us rise from humble beginnings to become the most modern and wealthiest power in the Skyxion era.

## ARTICLE II: CORE PILLARS OF THE STATE

The LoL is guided by four unshakeable pillars upon which all policy and conduct are founded:

- Unity — We operate as a single body. Every block placed contributes to our collective legacy.
- Freedom — The right to explore, build, and innovate across all dimensions is guaranteed to every citizen.
- Innovation — We harness the full technical possibilities of this world to build a nation without parallel.
- Defense and Honor — We protect our borders and our people against all threats while maintaining fairness and integrity at all times.

## ARTICLE III: TERRITORIAL ADMINISTRATION — THE LANDEN ACCORD

**Section 3.01: Special Administrative Territories (SAT).** The President may designate specific regions as Special Administrative Territories. These areas remain sovereign land of The LoL but are granted localized autonomy to appointed citizens or governing bodies.

**Section 3.02: The Territory of Landen.**

- **Status:** Landen is an integrated but autonomous region within The LoL's territorial boundaries.
- **Citizenship:** ikanuwu (ikanowo) and ImanHafizz are recognized as full citizens and People of The LoL — not external allies or foreign parties.
- **Authority:** The governors of Landen hold full control over local land development, architecture, and internal organization within their designated zone.
- **Sovereignty:** Landen remains under the ultimate sovereignty of The LoL at all times. All national laws and security protocols of the ISC apply to Landen without exception.

## ARTICLE IV: DOCTRINE OF NEUTRALITY AND DIPLOMACY

---

**Section 4.01: Absolute Neutrality.** The LoL is a neutral nation. We do not seek conflict and maintain a peaceful standing within the Skyxion era.

**Section 4.02: Open Friendship.** We extend our hand to all nations — seeking peace, trade, and lasting friendship with any group or settlement that does not pose a threat to our people or territory.

**Section 4.03: Security Condition.** Neutrality is maintained only as long as external parties do not harm, threaten, or act with aggression toward The LoL or any of its Special Administrative Territories. Any such aggression will be met with unyielding resistance.

---

## ARTICLE V: NATIONAL SECURITY AND THE INTERNAL SECURITY CONTROL (ISC)

---

**Section 5.01: The Internal Security Control.** The ISC is the premier agency of The LoL, responsible for protecting national stability, conducting intelligence operations, and responding to internal and external threats.

**Section 5.02: Anti-Griefing Protocol.** Unauthorized destruction of property belonging to The LoL or any of its citizens is classified as an act of treason against the state and will be treated accordingly.

**Section 5.03: Sovereign Space.** The LoL claims full jurisdiction over its mega-builds, rail networks, farm infrastructure, and all associated constructions across the Overworld, Nether, and End dimensions.

---

## ARTICLE VI: CIVIL RIGHTS AND JUSTICE

---

**Section 6.01: Right of Creation.** All citizens hold the right to build homes, farms, and personal structures freely, provided such construction does not obstruct national infrastructure or violate designated sovereign zones.

**Section 6.02: Right of Privacy.** Personal storage and property are sacred. Theft of any kind is a violation of national trust and is subject to prosecution under national law.

**Section 6.03: Enforcement and Justice.** In cases of sabotage, theft, or betrayal, the ISC will conduct a formal investigation. Final judgment is determined by the President and the Council of Founders.

---

## ARTICLE VII: CLOSING DECLARATION

---

*The Legend of Legiona is a testament to what is possible when people choose to build something greater than themselves. This framework is not merely a set of rules — it is a covenant between our Founders, our citizens, and the nation we are committed to growing. Our towers will reach the sky. Our legacy will endure.*

**UNITY. LEGACY. GLORY.**
